

NEW SEASON, NEW PROGRAM ...

Month after month they gathered around the board room table in the dank bowels of an old building. These 7 men and 4 women battled through marathon meetings until at last, a new program was hammered out for the coming club year.

Okay, so I exaggerated a little ... but we do have a new program, and yes, those 11 directors are very excited about it. We listened to the suggestions from the club members, came up with a few ideas of our own, and we think we've covered all the bases! The full program will be available at the first meeting on September 17, but here are the highlights:

- A longer club year—our last meeting will be on May 5— AND we've added events on those 3-Monday months
- 7 speakers, two of whom are club members
- 3 photo essay nights
- 2 image critique nights or "clinics" (combined with results of special competitions—Hepatica and Jack Battler Creative)
- Stag & Swan competition will be on a regular club night in March
- 2 in-club competitions, instead of 4, with 6 categories instead of 7. Competitors can "tag" one of their submissions in each competition to receive judges' comments and member critique when results are presented—more on this later!
- 2 theme competitions
- new on-line monthly theme challenges (not a competition)

Add to this

- HGCC group exhibition at the Button Factory September 12 to October 5
- the new "Photo Casino" which will replace the photo rally, on October 29. Details to follow!
- Christmas social combined with competition results on December 17

So what's missing? Well we only have one outing scheduled—the Hepatica shoot. If you're interested in co-ordinating outings, or have suggestions, please talk to one of the club directors.

... AND A NEW WEBSITE!

If you haven't visited the club website in the past month or so, you'll be surprised when you land at www.highlandglen.ca or www.waterloocameraclub.ca! Alex Wilson has been busy! Although still a work in progress, the new site is looking good! Simpler navigation, an awesome calendar and events scheduler, and new bulletin-board style forums. You'll need to create an account but it's now a "self serve" process so sign up now!

THEME COMPETITIONS:

The themes this year are "Wheels" and "Painting with Light". Wheels should be interpreted as ... well, wheels as the main subject. Painting with Light is a technique where your subject is "painted" with a moving light source. An article by Chantal Thorlakson in the Summer/Fall 2007 issue of the new magazine "Outdoor Photography Canada" will provide you with 10 Tips for Painting with Light. Be one of the first 15 members to pay your membership dues this year and you'll receive a free copy of the magazine! (Assuming we receive the complimentary copies we've requested from the publisher!)

ON-LINE MONTHLY CHALLENGE

With only two competitions, some of us may need a little something extra to keep us motivated. Enter the On-line monthly challenge! Each month we'll have a theme to get you inspired! Members are encouraged to share their interpretation of the theme on the club website.

The inaugural theme for August is "Home Sweet Home". Explore the area close to home as a tourist might. Look for something that is symbolic of the town or area... something unique, special, or something that just carries the essence of the place, evoking a mood or feeling. And don't forget the festivals and special events! Check the KW Tourism site for ideas ... www.kwtourism.ca/calendar/calendarEventKw.aspx Photos could include important landmarks, favorite restaurants, local people, your favorite watering hole, signs, events ... you get the idea!
